710 - Clear

Code: MDU7003

Date: 16-03-21 1/2

The Univet model 710 face shield completely protects the face against drops and splashes as specified by EN166 point 3. The anti-fog visor marked “N” enables maximum visability. Confortable and functional, it is equipped with a soft latex free sponge that rests on the forehead and an adjustable elastic band which can be worn over eyeglasses and respiratroy protection masks. The acetate visor is interchangeable and can tilt up to 90 degrees.
